

It's Happening in Granville!

Unless you've been living under a rock, you all know that Granville County has been wide open with business and social events! We are so happy to be able to gather in person. If you live or work in the county, you'll never run out of things to do! The days of "there's nothing to do around here" are in the past. We are hoping this will attract more people to the county to enrich our workforce. The Chamber has been hard at work to bring back and create new programs to benefit our membership and business community. We look forward to continuing to serve you. Please know that we are accessible! If you need anything, call us. As always, thank you for your support of the Chamber. Keep scrolling to see what we've been up to and what's to come!

All the best,
Lauren B. Roberson, Executive Director

Congrats to the Leadership Granville Class of 2021-2022!
